Brain building moments

A Brand New Brain
Every baby is born with a brain that contains billions of neurons.

Ready For Anything
From day one, these neurons connect and the brain begins to get wired for life.

Learning Like Lightning
The brain is wired to learn. In the first few years, it makes new neural connections every single second!

Conversational is Key
More all there's one thing that helps young brains grow strong—rich oral language.

Hi, Baby
Even baby who can't yet talk are learning, listening, and reacting to you non-stop.

You Are A Brain Builder
Every time you interact with a child you're doing something important—shaping a growing mind.

Nurture Future Greatness
The first five years are when the brain builds its foundation for talk and literacy in adults.

Wow!
We know this, for some learning doesn't start at school, it begins at birth.

It Begins With You
Visit joinvroom.org to learn how you can be a brain builder.

Set One

Training provides an overview of basic principles, theories, and/or research. Set one training participants are expected to gain basic, introductory knowledge of session topics.

Set Two

Training presents intermediate knowledge. The purpose of these sessions is to build on previous knowledge by having professionals use what they have already learned and experienced to think in depth and to learn more.

Set Three

Training presents advanced knowledge. Sessions provide opportunities for analysis, comparison, critical examination, evaluation, research, and/or practical study.

STATEWIDE WEBINARS

APRIL - JUNE 2022

APRIL 2022

DATE/TIME: TUESDAY APRIL 12TH, 6-9 PM

TITLE: CONVERSATIONS WITH CHILDREN ABOUT CONSENT

Session Description: Participants will develop tools to use when discussing aspects of boundaries and consent. Learn how to talk with children about their own voice and choices in a way that acknowledges the various facets of consent. Learn the basics of consent, ways that we inadvertently teach children that consent is not important and practice strategies to bring back to your classroom.

CKC: UGB

Age: All

Set two

Trainer: Amy Williams

DATE/TIME: WEDNESDAY APRIL 20TH, 6-9 PM

TITLE: USING VALUES TO GUIDE PRACTICES

Session Description: Participants in this workshop will explore their personal and professional worldview that is informed by our values, beliefs, attitudes, behaviors, and culture. We will apply how to use values selected by the participant to guide their own practices with children and families.

CKC: PPLD

Age: All

Set two

Trainer: Aoife Magee

MAY 2022

DATE/TIME: THURSDAY MAY 12TH, 6-9 PM

TITLE: IMPLEMENTING OBSERVATION TOOLS TO IMPROVE QUALITY IN INCLUSIVE PROGRAMS

Session Description: Conducting program level observations and planning for program development are just as important as individual observations of children. Join us to examine observation and assessment tools for evaluating your programs inclusion practices and developing quality improvement plans.

APRIL - JUNE 2022

MAY 2022

DATE/TIME: TUESDAY MAY 24TH, 6-9 PM

TITLE: LET'S GET READY TO RUMBLE: EMBRACING ROUGH AND TUMBLE PLAY IN THE EARLY CHILDHOOD CLASSROOM

Session Description: Physical big body play is critical to young children's cognitive, social, and motor development. It helps children learn how to control impulses, regulate emotions, assess risk, read nonverbal cues, and more. When you support their movement throughout the day, you will find children have an easier time actively listening and learning.

Child Care Licensing Information

Obtaining a Family Child Care License in Oregon required for persons who provide childcare to more than three children from more than one family at any one time, other than the person's own children. If you are applying for a Registered Family (RF) license, you will need to attend Part 2 of the Introduction to Registered Family Child Care Class. If you are applying for a Certified Family (CF) Childcare license, start by calling the Office of Child Care at 1-800-558-8818. The steps below apply to both types of family childcare license.

1. Enroll in Oregon's Central Background Registry and follow instructions to complete fingerprinting oregonearlylearning.com.
2. Complete all safety set training or make sure certifications are current.
3. Complete license application and return it to the Office of child Care.
4. To renew your license, ensure you have completed all required training hours and submitted certificates to your ORO account as needed.

Introduction to Registered Family Child Care, Part Two

There are two parts to the Introduction to Registered Family Childcare class. The required Part one class is available online at <http://campus.educadium.com/OCCD/>.

Part two is the in-person training you must attend after completing Part One. This free class provides a rule book, resources to help you be successful, information about Child Care Resource & Referral, and more. You must pre-register.

Please call to schedule a time for you to attend introduction to Registered Child Care, Part 2.

"Shine Bright like a Diamond"

AT A GLANCE

Open bird crawl in the field: Think ‘pub crawl,’ but with a vehicle (not walking) and birds (not beer...you're driving!) Meet up with biologists, scientists, and subject matter experts in the field. Flexible schedule; free!

Set-time experiences: Part of a great festival weekend is spending time in our community with locals and fellow birders alike. And some activities just require *set* stop and go times! Set schedule; fee-based.

Virtual programming: Can't come to Harney County for the Bird Crawl, or want to participate online AND in person? We've got a great line up of interactive, virtual presentations throughout the entire week leading up to festival weekend. Set schedule; fee-based.

Passport for pints: Buy a passport specially designed for 2022. Over festival weekend, take your passport with you to various stops highlighted on the passport map, or to some of the scheduled activities. A minimum of 8 stamps gets you a commemorative 2022 festival pint glass. Limited quantity!

Shop Harney County: Every year our local businesses are excited and proud to welcome you to Harney County. For 2022, MANY stores and eateries are offering exceptional discounts and other benefits to festival passport holders for visiting their location. A glass egg hunt and 'selfies for sips' are also on the schedule!

Each year, the Malheur National Wildlife Refuge coordinates with area schools on art and natural resource education in association with the Friends of Malheur NWR and the Harney County Migratory Bird Festival. The following Youth Art Programs combine science and art to expand student's understanding of bird species and habitat while building creative skills and artistic masterpieces.

YOUTH WILDLIFE ART CONTEST

Migratory Birds and Art Come Together

The Youth Wildlife Art Contest encourages students in kindergarten through high school to observe, understand, and ultimately share what they have learned about migratory birds. By creating a unique art entry for the Harney County Migratory Bird Festival, the students are provided an opportunity to artistically express their knowledge of the diversity, interdependence, and beauty of wildlife. The art contest suggests educators, supervising adults, and students to use curriculum guides to direct their exploration and investigation of migratory birds and their habitat needs, and the principles of visual art design.

At this level, students are judged in four groups according to grade level: K-2, 3-5, 6-8, and 9-12. Contest scholarships will be awarded to the top three winners in each group, including a \$100 gift certificate for the first-place winners. Scholarships are sponsored through the Friends of Malheur National Wildlife Refuge. All entries will be displayed during the festival and the winning art will be posted digitally on the Harney County Migratory Bird Festival and the Friends of Malheur National Wildlife Refuge Facebook and its website gallery pages.

Together, the AIR Program and Youth Wildlife Art Contest:

- Foster Awareness of wildlife habitat and its importance for bird migrations.
- Encourage learning about wildlife and bird species characteristics to spark curiosity about the natural world.
- Develop the skill of close observation for scientific and artistic purposes.
- Encourage creative experimentation.
- Provide a rich artistic and educational experience for Harney County students.
- Generate artwork for the festival's student art exhibit in a way that is inclusive.
- Connect Harney County youth to their community and beyond by showcasing their work through the Harney County Migratory Bird Festival

REMINDER: CPR Training Taken Online as of June 30th, 2022 the online portion of the Cardiopulmonary Resuscitation (CPR) training will no longer be accepted. For those that have already taken the training online and have a certification, those will be valid until the date of expiration. After the date of expiration, online CPR portions will no longer be accepted or approved by the Office of Child Care.

Temporary Rule Change - Sprinkler Alternatives Last week, the Early Learning Council adopted temporary rules to strengthen fire safety in family child care settings, which include Registered Family (RF) and Certified Family (CF). In April 2021, the Department of Consumer & Business Services (DCBS) Building Codes Structures Board passed rules requiring new RF and CF child care facilities to have an automatic residential fire sprinkler system installed, with potential alternate methods offered locally. The Early Learning Division's (ELD) temporary rules provide changes that are significantly cheaper than installing residential sprinklers in new programs. Maintaining life safety in child care is of critical importance. Over the upcoming months, ELD will provide technical assistance and coaching to providers to help come into compliance with the temporary rules. Some of the rule changes include the following for all RF and CF programs:

- Install carbon monoxide detectors on each floor of the home and where children nap.
- As an option, install straps to mount fire extinguishers in a visible location and a light to illuminate an exit path for night care. Fire extinguishers should be inspected monthly and documented.

- Display a floor plan near the entrance, or in some other area of the home where they may be clearly viewed by parents of children in care identifying the locations of the following: (A) Exits, (B) Primary evacuation routes, (C) Secondary evacuation routes, and (D) Fire extinguishers.

- Fire drills shall be practiced monthly at varying times of day, including in the evening and during overnight hours for programs that care for children during those hours.

- Maintain a written record of each emergency evacuation drill with documentation details stated in the rule. The temporary rules will be in effect until May 26, 2022, at which time permanent rules will need to be adopted. ELD will seek input from partners, including providers, before permanent rules are developed. Review the complete temporary rules below:

Adopted Temporary Administrative Rule Language Related to Fire Safety: Registered Family Child Care Temporary Rules Providers with questions should contact their licensing specialist or email: ProviderContact@ode.oregon.gov.

If you are struggling with the cost to meet this requirement, please contact Frontier Child Care Resource & Referral, we may have funds to help.
